Park Etiquette

Before you begin your journey of discovery, here are some simple tips to help make park visits enjoyable for everyone:

- Enjoy the flora and fauna in this park. Take home nothing but photographs and fond memories.
- Silence is golden. Do leave your radios and sound systems at home.
- Walking only on the designated trails and boardwalks will protect the forest floor and the plant and insect life there.

This park will not be lit at night so as not to disturb the nocturnal wildlife. It is our responsibility to conserve the living things in our park, both for our enjoyment and that of our future generations.

For the well-being of our native flora and fauna, please abide by the Parks & Trees Act (Cap. 216) and the Parks & Trees Regulations (Cap. 216, R1).

			
NO LITTERING	NO SMOKING	NO TAMPERING OR DAMAGING OF PARK PROPERTY	NO RELEASING OF ANIMALS
